Rewarding Your Children

- ▶ Focus rewards more on effort and improvement and less on "grade" or outcome.
- ▶ Choose rewards wisely. Some of the best rewards are time spent alone with you reading, talking, or having a special meal.
- ▶ Save for a special reward like a trip to the movies. Put a marble in a jar each time your child earns recognition. When the jar is full, enjoy the special reward!

More than 14 billion pencils are produced in the world every year. That's enough pencils to circle the globe 62 times.

The average pencil can write 45,000 words or draw a line 35 miles long.

An average-sized tree might make about 300,000 pencils.
