Parent Pointers Getting the School Year Off To a Good Start

- ▶ Set a firm, reasonable bed time. Kids need plenty of rest, especially as they readjust to the school-year schedule.
- ▶ Take time for a healthful breakfast each day. Children who eat well before school have the energy to take full advantage of important morning instruction.
- ▶ Find a place for everything, and put everything in its place. The beginning of the year is the time to set routines that will avoid lost backpacks and materials.

Guess If You Can
Let your child think of a number between a stated range while you try to guess the number. Ask questions such as *Is it more than 50?*, *Is it an even number?*, *Is it more than 20 but less than 40?*, or *Can you reach it by counting by 3's?* After you guess the number, give the child a chance to ask questions for your secret number.
